HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

EXHIBITOR BADGES AND REGISTRATION

To access the exhibition area, badges are required. Exhibitors are therefore requested to pre-register their booth staff online. Each sponsor and exhibitor receives a certain number of free badges. Additional registrations must be purchased.

A special code must be entered during online registration - please contact the Exhibition manager for more details.

Only the first name, last name and the company name of the Exhibiting Company will appear on badges. Please note that Sponsors and Exhibitor's badges **allow participants to access scientific session (only sponsors) and exhibition area but do not include social events invitation except the Welcome Mixer.**

Sponsor's and Exhibitor's badges can be collected by an authorized person of the company's staff at the Registration Desk at the registration area of the Prague Congress Centre. **Additional exhibitor badges** are subject to a **fee of € 250 each**. These extra badges must be registered and paid online prior to the event. For more details, contact the Exhibition manager. Unregistered exhibitors will be asked to register at the onsite registration desk.

TECHNICAL INFORMATION – SYMPOSIUM RULES AND REGULATIONS

In the following regulations and conditions, the term 'exhibitor' describes any company or organization that has made a successful application for space allocation in the technical exhibition to be organized in the framework of the symposium, or any manager or representative acting on behalf of the company. In its sole discretion, the organizer (C-IN) may amend or modify these regulations by posting notice of the amendment(s) or modification(s) on the symposium website before the latter shall become effective. Any aspect that is not covered by these regulations is subject to approval by the organizer. Each company is responsible for communicating these regulations to its staff and its appointed agencies.

Booth Design Approval

The exhibitor is free to choose his own booth constructor. In case the exhibitor wants to erect his own booth construction or does not require a standard modular booth (shell scheme) that may be provided by the exhibition manager, the exhibitor is to arrange for detailed booth design plans to be sent to the Exhibition manager for submission to Prague Congress Centre not later than **May 26, 2017**. Electronic plans are preferred, please forward those to jana.dvorakova@c-in.eu. It would be helpful if you could also let us know whom you have appointed as your contractor to build the booth.

Booth design approval is not necessary for exhibitors with Shell Scheme booth provided by the symposium organizer.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

The organizer holds the right to refuse, amend or otherwise deal with any plans as deemed necessary.

Booths should be fully accessible on all “open” sides. Requests to be partially exempted from this rule should be submitted in writing to the Exhibition Manager.

It is strictly forbidden to store anything behind your booth.

Booths may be covered by a roof, provided that the roofing is in compliance with fire-protection regulations.

Under no circumstances may the exhibitor increase the exhibition space beyond the space that has been allocated to him by the Sponsorship manager.

The drawings shall indicate clearly the planned layout, dimensions, equipment and furnishing of the booth. The location of power outlets, electricity cables as well as telephone/internet installations must be indicated. Only with the written approval of the Organizer shall the booth drawings be deemed released for construction.

Electricity, Sockets and Adapters

Voltage: 230V/400V AC, 50 Hz

Do not forget to indicate your electrical connection location on the booth design visualization. Power supplies will be supplied into your booth via the ceiling or via the floor. Czech sockets for 230V/16A are not compatible with the Schuko (basic European sockets). Adapters (for 1 phase up to 16A) are required. For other types of plugs (other than basic European), please make sure to bring adapters because these will not be available onsite. Adapters for 3 phase connections are not available and should be brought by exhibitors. For equipment from the USA or elsewhere with 110/120V, a transformer is required to be able to connect to 230V. Transformers are not available and should be brought by exhibitors.

Important:

Supplies will be switched on 30 minutes before and switched off 15 minutes after the official Exhibition opening hours. 24-hour supplies are available and must be ordered as a separate item to the regular electricity connection.

Booth Construction during the Symposium

During exhibition days, all booths are to remain in their entirety, no dismantling or removal during this period is permitted. Any special arrangements for build up or break down and removal of exhibits must be made in consultation with the Exhibition manager.

Ceiling Height

The general maximum height of the exhibition booth is **2.50 m**. If you would like to exceed this limit, please contact Exhibition manager.

Suspension of banners/signage from the ceiling is not allowed. No hanging points are available in the Prague Congress Centre.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

Loading Bay and Lift

Loading bay of the Prague Congress Centre is located on **-1 floor**. Entrance is on the right side from the OMV petrol station. Follow the signage that will be placed at the entry for trucks.

Trucks of a total gross weight of more than 7500 kg are not allowed to drive in the Czech Republic on Sunday 13.00 – 22:00.

The delivery and removal of materials and goods for the exhibition booths is allowed only by the official freight forwarder and their local manager. Companies bringing their own goods should contact the official freight forwarder to coordinate their arrival and the use of the loading bay, the goods entrance and the freight lifts.

Do not park your car in the loading bay longer than your reserved time limit for loading. If the vehicle does not leave the loading and unloading area within 2 hours after the time limit expires, it pays for every subsequent hour a parking fee of CZK 500. There will be a refundable deposit collected for entering the loading bay within these hours: 17th May 8:00 – 15:00, 22nd May 13:00 – 20:00. The refundable deposit will be:

- ***for cars up to 3,5 t price 1 000 CZK for 60 min***
- ***for cars over 3,5 t price 3 000 CZK for 120 min***

Loading bay has limited width: 2 m and height: 2 m. Make sure your packages can fit into the bay door.

Freight elevators K and G is available to access the exhibition area.

Lift K – Depth 5 m; Width 2.4 m; Height 2.5 m; Maximum load 5000 kg

Floor Loading

The maximum permissible load on the floors of the PCC is approximately 400 kilograms per square meter (spread). Load capacity needs to be taken into account when entering the exhibited goods as well as during their handling.

The floor, columns and installations (distribution boxes, piping, rented shell booths, etc.) of the venue shall be left in the same state they were found in. Any damage shall be repaired by the exhibition manager at the Exhibitor's expenses.

Space Only Exhibitors

No construction is provided for the self-built booths – raw space orders. Booth drawings for these booths must be submitted to the Organizers for approval no later than **May 26, 2017**.

It is the responsibility of self-build exhibitors to observe the building, fire and health and safety regulations of the venue. All structures, materials, special designs, unusual constructions and all signs shall conform to health & safety standards and comply with the local Fire Department regulations described at the last page of this document. Any display work or materials contravening this clause must be modified to meet requirements.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

Please take note that no exhibitor will be permitted to cover an aisle by ceiling or floor covering without authorization from the Exhibition manager. Failure to comply with any of the above-mentioned could result in approval of your booth being withdrawn.

Island Booth Regulations

Applies to booths potentially accessible from all four sides

- Edge of the raised floor must be sloping on all sides
- Keep the booth as a walk-through area with minimal outer walls
- Be sure to have the booth design approved by the Exhibition manager

Damage to the Venue Premises

Nails, screws or other fixtures may not be driven into any part of the premises, including floors. Nor may any part of the premises be damaged or disfigured in any way. Should any such damage occur, the Exhibitor responsible will be invoiced for any repair charges.

Waste Disposal

It is the responsibility of the exhibitor to ensure that all debris and waste material including boxes for packaging arising from his booth construction and booth dismantling are completely removed from the exhibition area prior to the opening of the exhibition and at the end of the event. Failure to comply with this procedure shall render the exhibitor liable for the cost of clearance by the organizer or its contractor. For waste removal services and waste container hire, please contact the Exhibition manager at jana.dvorakova@c-in.eu.

Exhibit Booth Inspection

The Exhibition Organizer and Exhibition Manager and the venue representative will conduct a walk-through inspection to ensure compliance with all applicable booth space use and safety regulations.

The venue, Exhibition Manager and Organizer refuse to accept any responsibility if the Safety Committee decides to close a booth because the Exhibitor has not respected the safety rules of the event or venue or hosting country.

Storage of Empties

No refuse (e.g. empty cartons, crates or shipping/packing materials) may be left behind in your booth or in the aisles. If any Exhibitor or his contractor(s) leave such materials behind, the costs of removing will be charged to the Exhibitor. Please contact the official forwarder for handling and storage of your empty crates and other packing material through the duration of the exhibition.

Water Connection

Water connections are available upon request, depending on booth location. Please contact the Exhibition manager to check availability for your booth.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

Liability for Rented Equipment

Exhibitor accepts full responsibility for all rented equipment, such as standard exhibit booth construction, furniture, AV and computer equipment, etc. by signing the order form. The Exhibitor will be charged for any loss of or damage to rented equipment.

Booth Security

Please note the Prague Congress Centre (PCC) and/or Symposium organizers cannot accept responsibility for the security of the booths and their contents, for damage or theft of any goods whatsoever. If you wish to order a security guard for the booth, please contact the Exhibition manager.

Surveillance and Security

The Organizer undertakes the general surveillance service of the PCC both day and night. The Exhibition organizer shall be responsible for the surveillance of booths and exhibits. Exhibitors are recommended to pay closer attention to the exhibits during the booth construction and dismantling periods. We strongly urge exhibitors to secure their booth against theft or damage. Valuable objects, which may easily be removed, should be locked away during the night or whenever the booth is left unattended. The PCC and/or Event organizer accept no responsibility for goods stolen from exhibits.

Gases

Use of liquid gases is not permitted. Helium balloons are not permitted at PCC.

Laser Products

Any exhibitor demonstrating or using laser products must submit full details of equipment that will be used. These details must be submitted to the Exhibition Organizers for final approval no later than four (4) weeks prior to the commencement of the Exhibition. Failure to submit adequate details may result in the display being prohibited. Exhibitors must provide suitable fire extinguishers and warning notices.

Smoking

Smoking is not allowed at the venue; this is a non-smoking event.

Leaflet Distribution

Leaflets, publicity material, giveaways or other promotional material may not be distributed from anywhere else than the exhibition booth. Leaflets displayed or distributed at any other point throughout the venue will be removed and destroyed by the Organizers.

Conduct of Exhibitors and Representatives

The Exhibition Organizers reserve the right to stop any activity on the part of any Exhibitor that may cause annoyance to other exhibitors or visitors. Business must be conducted only from the Exhibitor's own booth and under no circumstances may this be carried out from a gangway or elsewhere within the Exhibition.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

Political propaganda may not occur in the booth or in any other place within the exhibition area.

Projected images, however generated, may not play on to aisles or on to other booths.

Health and Safety at Work

It is the responsibility of the exhibitor to ensure that his employees, exhibition staff and temporary staff comply with the latest legislation regarding health and safety at work. The organizer bears no responsibility for non-compliance to this rule by the exhibitor.

National and International Regulations

The exhibitor is to comply with all national and international rules and regulations related to advertising and promotion of all products and services as part of the booth. The organizer bears no responsibility for non-compliance with this rule by the exhibitor.

Changes in Location

The Exhibition manager and Symposium Organizers reserve the explicit right to change the location of display space on short notice, even after initial confirmation, if necessary in order to achieve the event target. Neither restitution nor claims of any kind are applicable.

Badge Scanner Device

Exhibiting companies can order separately a Badge scanner that allows them to scan badges of HPLC 2017 Prague participants as to obtain reports on attendance.

This device is licensed to the Exhibiting companies for the purpose of scanning HPLC 2017 Prague participants' badge only on their stand location or at a location where the Company is organising event, cocktails, dinner. The Exhibiting companies are not authorised to use the device in any other area, such as in conference rooms or in the Open Theatre.

Scanning of your badge by an Exhibiting company should always be done with your express consent.

By scanning your badge, the Exhibiting companies will collect your first name, family name and e-mail address. This information should only be used by the Exhibiting companies for the purpose of evaluating attendance and to present their products and services directly to you by e-mail.

GENERAL CUSTOMS-FORWARDING INFORMATION FOR EXHIBITORS

Addressing

Consignments are to be shipped and addressed as follows:

Consignee: SCHENKER spol. s.r.o.	Notify: HPLC Prague 2017
Kongresové centrum Prague	Exhibitor Name:
5. května 65	Booth No.:
140 00 Prague 4, Czech republic	Person in charge:
Phone: +420 242 405 160, -161, -165	

All exhibition goods dispatched either by air/sea/road/courier freight must be consigned „Freight Prepaid“.

Customs office of destination: PRAGUE – Uhřetěves (code: CZ 510202) / **on working days only!**

Small Parcel Services

We kindly offer small parcel services provided by our corporate partner UPS.

Consignment Notification

All consignments have to be notified by an e-mail and the following information is to be advised 48 hours before arrival of your shipments to Prague:

A copy of transport documents - B/L, HAWB/MAWB, CMR, loading/packing list, etc.

A copy of customs documents - Proforma-Invoice, ATA Carnet, etc.

Terms of Payment

All customs-forwarding services are paid by the exhibitors directly to the provider. Exhibitors who are not using services of SCHENKER worldwide network or its authorized managers have to pay our customs-forwarding services by remittance in advance or in cash/by credit card in Prague.

Insurance

Exhibitors are obliged to arrange insurance of all exhibition material for the duration of transport, building-up/breaking down of the exhibition for all possible risks.

Customs Clearance / non EU-shipments

Exhibits, exhibition materials/merchandise for temporary use: PROFORMA-INVOICE (3x original in English) with proper consignment details (i.e. gross/net weight, the number of freight pieces, the number of particular pieces, price, delivery terms – DAP Prague/according to INCOTERMS, Brussels customs code).

For merchandise which is being imported only for the exhibition purposes and for which sale during the exhibition is not expected and it is obvious that will be in an unchanged form returned back abroad, we recommend to use CARNET ATA as the

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

accompanying customs document (issued by Chamber of Commerce and Industry in the country of origin).

Advertising, consumer materials/catalogues, brochures, advertising gifts, i.e. pens, CDs, etc., consumer goods – refreshments, i.e. merchandise for consumption:

For these goods a separate PROFORMA-INVOICE has to be available (requirements above) as this merchandise follows valid customs regulations after arrival identified for release into free circulation, or for consumption during the exhibition and customs fees (customs duty, VAT, Consumer tax) are applicable to this merchandise.

Handling with Empty Boxes

The empty boxes of your exhibition material and exhibits will be delivered into a warehouse, stored during the whole time period of the exhibition and during breaking-down of the exhibition will be brought back to your booths. (Empty cases are cases, cardboards, pallets, baskets, barrels, etc. without exhibits, any of their parts, or without any exhibition materials for which is the forwarder not liable during the storage period, if storage of such a material is not properly ordered!)

Case Marking / Packaging

All exhibitors are requested to use proper packaging suitable for transportation, unpacking, storage and repacking.

All packages are to be clearly marked on 2 sides as follows(*):

HPLC Prague 2017

Exhibitor: **Hall/Booth No.:**
Gross/Net Weight in kgs: **Dimensions in cms:**
Case No./Total colli:

General Conditions

Forwarder's responsibility ends at the moment of delivery of the goods to the exhibition booth or to the nearest possible accessible location and by the handover to the exhibition booth, even if the exhibitor or his accredited representative is not present and begins with the following pick-up at the exhibition location.

We would be happy to answer any further questions from your side or to prepare preliminary price calculation if you let us know your requirements for our customs-forwarding services and advise all necessary details concerning your shipments.

HPLC 2017 PRAGUE

18–22 June 2017 | CZECH REPUBLIC

FIRE AND SAFETY REGULATION OF THE VENUE

- 1) SMOKING and manipulation with open fire are PROHIBITED during social, cultural, sales, sports or other events within the entire PCC object, including its hallways and terraces.
- 2) All escape routes must be kept free at all times, not blocked by any objects which could hinder a possible evacuation, and must have a minimal passage width of 2 m between the rows of the booth if these form a continuous line(s). Between the sides of individual booths, a proper access to these booths, i.e. to each one separately, must be secured, with a minimal spacing of 85 cm.
- 3) Individual profiles of escape routes and exits, electricity distribution boxes, main switches, and media seals (gas, electricity, water etc.) must not be blocked or narrowed. The same rule applies to all facilities for the provision of fire protection, i.e. fire extinguishers, fire hydrants, electric fire alarm sensors (EPS), heads of stationary extinguishing systems (sprinklers).
- 4) Should the booth position be located close to glass surfaces of the building perimeter, it is necessary to keep to so-called fire dividing zone with the minimum distance of 150 cm from the glass surfaces. No flammable or fire-supporting material may be located close to glass area of the outer surface of the building. This area must be kept free at all times; no material is to be stored therein.
- 5) All exhibitors are obliged to supply fire-technical characteristics (FTCH) of all used, exhibited, sold, stored and used substances, items and goods, etc.
- 6) Within all premises of the PCC, it is generally prohibited to use, store, or handle in any way flammable or fire-supporting substances or liquids, bottled gas burners, cookers and portable heating (both gas and electric), as well as pressure tanks (bottles) filled with propane-butane or other compressed technical gases.
- 7) The lessee is obliged to ensure that the maximum number of persons in individual rooms are not exceeded, with regard to evacuation capacity possibilities.
- 8) Motor vehicles equipped with permanent of the alternative drive using compressed natural gas or propane-butane /PB/ must not park in the underground garages of the PCC.
- 9) All used materials (textile fabric, wood, etc.) brought into the object and serving as decoration material for construction of exhibition booths, scenes, decoration of halls, hallways, etc., provided by both PCC and individual organizers /lessees/ of cultural, social, sport and other events, must have fireproof finishing of its own way. Provision of fireproof finishing must be documented by respective certificates; these must be deposited with the PCC fire technician, as a part of the event documentation.
- 10) All welding and cutting works, either using welding sets (gas, oxygen), or using electricity (resistance welding), or using electric grinding saw etc., are subject to the obligations stipulated by the Home Office of the Czech republic, Order No. 87/2000 Coll., and it is necessary to obtain a welding permit for them, including specification of particular conditions for provision of fire protection in the given area of the PCC. This permit is issued, and particular conditions of fire protection provision are stipulated by the PCC fire technician or the commander of the PCC fire brigade. At the same time, it is necessary to report such works in advance to the venue and Exhibition Manager.
- 11) A permit, issued for each individual event separately, is necessary for all pyro-effects, use of open fire, etc. – regardless of being provided by the PCC or by individual lessees (e.g. during a performance etc.). This permit is issued, and particular conditions of fire protection provision are stipulated by the PCC fire protection officer or the commander of the PCC fire brigade. At the same time, it is necessary to report such works in advance to the venue / Exhibition Manager.
- 12) In such cases (or at client's request) it is necessary to assign special assistance fire patrols at additional expense. The number of assistance fire patrol members is determined by the PCC fire protection technician, or the commander of the PCC fire brigade, based on individual assessment of each individual event, depending on the particular room.
